Grain whisky is oftendismissed, butwith patientesome greatrefill casks canbe found, showcasing the subtleties ofgood grainspirit aged for along timewithout toomuch woodinfluence andletting the spiritspeak. At thenose we havemint, woodpolish, vanilla, and old books. It's a dry, clean profile, with none of the fatness that would have come from more active wood. The same cleanliness and dry, subtle style is evident on the palate, too. It starts very soft, velvety and with wafer notes, and then it's a big crescendo of pepper before turning into a very aromatic experience with medicinal herbs of every kind, especially gentian root and black liquorice. The finale is increasingly tannic, but pure and elegant.
